Don't Wait for the Wood to Show Before You Paint!

Postponing painting is like putting off payment of taxes. You are only piling up expense. The wise man paints often, so that there is always a protecting film of paint between his house and the elements. The more durable the paint, the less often this must be done.

The most durable paint in the world is Collier & Southern White Lead (DUTCH BOY PAINTER TRADE, MARK.) AND PURE LINSEED OIL

when mixed to suit the conditions of the wood. All good painters do it this way. Make sure that yours does it, too, and that he uses Dutch Boy white lead and linseed oil.

Denies That Church Raised Ban on America Princess

PRINCESS MARIE ROSPIGLOSI

rrince Camilo Rospiglosi has issued a statement in Rome in which he heatedly denies the report that his brother, prince Joseph Rospiglosl, who died at Stresa, was religiously married to Mrs. F. H. Parkburst, of Bangor, Me., (formerly Miss Marie Ried Jennings, of New Orleans), on the eve of his death. According to the rumor, which the prince's brother denied, the prince, on

his deathbed, received permission from the vatican to be joined in the bonds of matrimony according to the rites of the church to the beautiful American woman whom he had married according to civil law. Mrs. Parkhurst was divorced from her American husband and this was the reason that for years the church authorities have turned a deaf ear to the appeals of the prince and princess to allow them to be married by the church.

Condone Short-Comings People Resent Attitude of "I Am Holler Than Thou"—None of Us Perfect.

By Elin Wheeler Wilcox

YOUNG man who prides himself upon his good habits, and who tries to live up to the ideas implanted in his mind by a good mother, is made very unhappy by the malice of his enemies. He says:

of his enemies. He says:

"The reason I write 's, I suffer—not from weapons, but from tongues of my adversaries, who seek only to drag me down to degradation with lies which I cannot understand. My nature is more like a woman's; by that I mean, more refined than a man's nature usually is."

No lies of our enemies can harm us if we pass on in the path of truth and pay no attention, further than a calm denial of misstatements.

We are judged by our lives and actions in the long run, not by the gossip of our detractors.

sip of our detractors.

The only human being I recollect who attained maturity without being lied about and having enemies was a

blind idiot. Too Self Centered. This young man quoted above quite possibly is too self centered. He is continually thinking how refined and good he is, and how much better he is than his associates.

This state of mind naturally attracts When any one assumes an "I am holier than thou" attitude toward his fellow men, he is certain to be a target

For you have the sin of self concelt, of self satisfaction, of uncharitableness,

The human being who puts on airs for any reason is a pitable creature.

We need to walk softly and speak kindly, and be patient and charitable and sympathetic and helpful; and we need to talk much of the good qualities of others and little of our own. For the past three years I have suffered the most severe pains on the right side of my back. It would be so had I would have to sit down and not move. It seemed like there was some force I could not control that would just turn me around. It must have been my liver, yet nothing that I took for it relieved me. When I started to use the Plant Juice it seemed to go right to the places affected. The pains have all left me and my circulation is getting better every day. I have also found it a good treatment for the stomach. I am glad to tell anyone what Plant Juice has done for me. I have no false modesty in performing a duty in letting others know who suffer.
